Dyne Therapeutics to Participate in Upcoming Investor Conference

November 24, 2026

WALTHAM, Mass., Nov. 24, 2026 (GLOBE NEWSWIRE) -- Dyne Therapeutics, Inc. (Nasdaq: DYN), a clinical-stage company focused on delivering functional improvement for people living with genetically driven neuromuscular diseases, today announced that management is scheduled to participate in the following upcoming investor conference:

- **Piper Sandler 38th Annual Healthcare Conference**, fireside chat on Tuesday, December 1, 2026 at 11:30 a.m. ET in New York

A live webcast of the fireside chat will be available in the Investors & Media section of Dyne's website at https://investors.dyne-tx.com/news-and-events/events-and-presentations and a replay will be accessible for 90 days.

About Dyne Therapeutics

Dyne Therapeutics is focused on delivering functional improvement for people living with genetically driven neuromuscular diseases. We are developing therapeutics that target muscle and the central nervous system (CNS) to address the root cause of disease. The company is advancing clinical programs for Duchenne muscular dystrophy (DMD) and myotonic dystrophy type 1 (DM1) as well as preclinical programs for facioscapulohumeral muscular dystrophy (FSHD), Pompe disease and multiple DMD mutations. At Dyne, we are on a mission to deliver functional improvement for individuals, families and communities. Learn more at https://www.dyne-tx.com/, and follow us on X, LinkedIn and Facebook.
