

Dyne Therapeutics Announces Closing of Upsized Public Offering of Common Stock and Full Exercise by Underwriters of Option to Purchase Additional Shares

December 11, 2025

WALTHAM, Mass., Dec. 11, 2025 (GLOBE NEWSWIRE) -- Dyne Therapeutics, Inc. (Nasdaq: DYN), a clinical-stage company focused on delivering functional improvement for people living with genetically driven neuromuscular diseases, today announced the closing of its previously announced upsized underwritten public offering of 21,827,549 shares of its common stock at a public offering price of \$18.44 per share, which includes 2,847,071 shares issued upon the exercise in full by the underwriters of their option to purchase additional shares of common stock in the offering. The gross proceeds to Dyne from the offering were approximately \$402.5 million, before deducting underwriting discounts and commissions and offering expenses payable by Dyne. All of the shares in the offering were sold by Dyne.

Morgan Stanley, Jefferies, Stifel and Guggenheim Securities acted as joint book-running managers for the offering.

The offering was made pursuant to a shelf registration statement on Form S-3 that was previously filed with the Securities and Exchange Commission ("SEC") on March 5, 2024 and became automatically effective upon filing. The offering was made only by means of a prospectus supplement and accompanying prospectus that form a part of the registration statement. A final prospectus supplement relating to and describing the terms of the offering has been filed with the SEC and may be obtained for free by visiting the SEC's website at www.sec.gov.
